

Bintang Ryan Wardana

Information Technology Undergraduate Student

Surabaya, Indonesia | bintangryn@gmail.com | +6282275721647 | Portfolio: bintangryan.vercel.app
linkedin.com/in/bintangwdn

I am an Information Technology student at ITS with a strong passion for Data Science and Digital Marketing. I have led projects involving real-time data streaming, predictive modeling, data analysis, and visualization. I am highly detail-oriented, adaptable in fast-paced environments, and driven by strong critical thinking to solve problems and support business decision-making.

EDUCATION

Sepuluh Nopember Institute of Technology Jul 2022 - Present
Undergraduate, Information Technology (Bachelor program), GPA: 3.63/4.00

Prediksi dan Analisis Faktor Keberlanjutan Studi Perguruan Tinggi dengan Pendekatan Machine Learning Feb 2025

Research Gate

This paper examines the key factors influencing Angka Partisipasi Sekolah (APS) among Indonesians aged 19–23. Data from BPS was analyzed through regression and decision tree models to evaluate the effects of unemployment, poverty, and GDP per capita on school participation. With an RMSE of 2.16 and an R^2 of 0.85, the results highlight strong model performance and reveal critical socioeconomic factors shaping participation rates.
